Year 6 Leavers Assembly

The Year 6 leavers' assembly will take place on Thursday 25th July at 9:30 a.m. in the upstairs hall!

Family and Friends of Year 6 are invited to stay for refreshments after the assembly to speak with their children, take plenty of photos and to see their workbooks from September to now.

Thankyou

The Governors would like to thank all the children in Year 6 for their hard work this year and congratulate them on their excellent results. We were especially impressed with the number of you that gained certificates at the Children's University Graduation Ceremony. Your performance of Oliver was amazing and kept us singing and humming along all night. We wish you every success as you move to High School.

We would also like to congratulate all the children for trying hard and succeeding with your school work this year. Your books have been a pleasure to read and we hope that you and your families will treasure them.

Finally we would like to thank, most sincerely, all the staff at Alderman Bolton for their hard work and dedication to the school this year. We hope you have a happy and restful summer holiday and return with fully charged batteries in September.

School Vision

Dear Parents,
With the help of the School Council, we have been thinking of the school Logo to exemplify our vision for the school.

Out of the many suggestions they selected ten which were then voted on by the children in the school. These have been narrowed again and we are now asking the children, staff, governors and you to vote on your preference.

These are:-

- Aim, Believe and Succeed,
- A Family of Learning or
- Achieve with Pride.

School is organising a voting system to collect your ideas and we would be very grateful for your input.

Thank you from the Governing Body

App Awareness

With children accessing the internet on a range of devices, the job of protecting them from things they may not be ready for online can be a challenge.

In recent years, a wide variety of monitoring software solutions have appeared to allow you to see what your children are doing online and set digital boundaries.

<https://www.internetmatters.org/> provides lots of information on how to keep your child safe online. Details of an app called 'boomerang' below allow you to monitor internet use on phone devices.

Boomerang

Once installed, Boomerang lets you control access to the internet and apps in a detailed fashion. You can set bedtimes and off times, and specify certain apps to be available longer than others. It provides excellent YouTube and Search history results. Safe browsing of the internet, as well as other filters, are provided.

It also logs text messages and calls to and from the phone. As with other apps, it includes location tracking with updates on your child's whereabouts via their mobile device.

It only works on iOS and Android devices so won't limit internet or game time on consoles, smart TVs or computers.

If you have any questions or concerns about what your child may be accessing online, please do not hesitate to contact school for support.
